

Attention Property owners!

Directions for using the Levy Estimator:

The Levy Estimator is up and running on our website! To see what a proposed levy will cost you, go to our website at <https://auditor.co.delaware.oh.us/> and click on Property search, then key in your name, address or parcel number. The Property Information page displays all kinds of information about your property including the current annual tax for your property. In order to see what the proposed levies will cost you, click on the "Levy" tab on the banner at the top of the page. If there are proposed levies that will apply to your property for the upcoming election, the annual amounts will be displayed there. To estimate what your total annual taxes would be if the levies pass, simply add the current annual tax from the Property Information page to the proposed amounts from the levies. If you have any questions about the Levy Estimator, please contact our office at 740-833-2900.

Note: In reference to the bond levy for the Olentangy Local School District, the school district has pledged that this levy will not increase taxes. For more information about the bond levy, please contact the Olentangy Local School District.
